

NATCODEV ACADEMY

Field Agent Certification Program

Purpose: Certification course for field agents and advisory teams covering grower verification, GPS evidence, document review, visit reports, data quality, escalation and offline discipline.

Learning Objectives:

- Verify growers with location and document discipline.
- Capture field evidence that supports reliable reporting.
- Escalate fraud, safety, and data quality issues.

Practical Checklist:

- Confirm identity before verification.
- Capture GPS/location evidence where required.
- Record farm observations in clear language.
- Escalate suspicious documents or inconsistent data.

Assessment: Complete the Academy quiz/exam attached to this course. Pass
Certificate: Certificate track enabled.
